

BAATN

The Black, African and
Asian Therapy Network

Bringing a Black and Asian Perspective to Psychotherapy and Counselling

We are the UK's largest independent organisation to specialise in working psychologically with Black, African, Asian and Caribbean people.

Practitioner and Student Gatherings

These events take place in Birmingham and London.

The Practitioner Gatherings are for qualified psychotherapists and counsellors who are of African, Asian and Caribbean heritage. The group's aims are to connect with other working Black and Asian therapists, to gain support with developing ourselves as practitioners and to leave the group energised and inspired.

The student gatherings provide a space for students with an African, Asian or Caribbean heritage to tell their stories, clarify their dilemmas and be met with enthusiasm, dialogue and support.

Cost: Free to BAATN members and £10 for non-members.

Visit the website for membership details
